SPOTLIGHT: OCM BOCES Embedded Programs

Heavy Equipment Repair, Operations & Diesel Technology

This year, 70 juniors and seniors have enrolled in this two-year Career & Technical Education program located at All-County Collision & Repair in Homer and Tracey Road Equipment in East Syracuse. Students learn essential skills in the operation and repair of heavy machinery and heavy-duty diesel trucks using the latest techniques and diagnostic equipment. An experienced classroom instructor and on-site professionals are getting them well-prepared for a potential career in this high-demand industry.

Firefighting and Emergency Medical Technician

This new, two-year Career & Technical Education program is off to a busy start at the Madison County Emergency Management Training Center. Students have the opportunity to earn certifications in Basic Exterior Firefighting Operations (BEFO) and Emergency Medical Technician (EMT)-Basic. The half-day class combines an on-site classroom with access to facilities, rescue equipment and highly dedicated emergency responders.

Career & Technical Education

Students who earn a Career & Technical Education endorsement on their high school diplomas have met rigorous academic and industry standards that are recognized by employers and colleges across the United States.

In 2023, these seniors from LaFayette were eligible for CTE endorsements: Erik Cromley, Sophia Hill, Jesse Lyons, and Ryan Young.

Seal of Civic Readiness

To earn the Seal of Civic Readiness, students must demonstrate an understanding and commitment to making a positive difference in their communities through civic knowledge, skills, actions, mindsets and experiences. At OCM BOCES, 58 seniors in our Innovative Education and Special Education programs achieved this formal distinction during the 2022-2023 school year.

OCM BOCES & LaFayette = Student Success

Fifth-grader Hunter Gishie is happy and thriving in the OCM BOCES STAR program at Cincinnatus Elementary School.

Over the past two years, this smiling fifth-grader has benefited from small-group instruction, a curriculum that is targeted to his specific needs, and classroom computers that help him stay focused and engaged. His progress has become evident in reading, math, speech and language therapy, and occupational therapy. He is also becoming more confident in his academics and is gradually improving his ability to work independently.

Above all, Hunter treats people with kindness, said his teacher, Amy Whittington. He has developed positive relationships with his classmates and the team of OCM BOCES teachers, teaching assistants, and related staff who help him throughout the day.

“Hunter is always kind and caring towards others,” she said. “He is the first one to help his classmates.”

The STAR program at Cincinnatus Elementary School is now in its second year. Hunter and his classmates benefit from the specialized instruction they receive in their BOCES classroom, but they also get opportunities to engage with their non-BOCES peers through lunch, recess, schoolwide activities and “specials” such as art, music and physical education. Hunter, for example, finds great joy in playing with the other students at recess and taking part in physical education.

So far, the STAR program has been a great fit for him.

“He loves the staff, and he loves his friends,” Whittington said.

Did You Know?

The LaFayette Central School District was awarded a \$295,398 grant through the My Brother’s Keeper program this past summer. This grant will allow the district to continue supporting the implementation of cradle-to-career college strategies aimed at improving life outcomes for boys and young men of color. It will also help the district develop and sustain effective relationships with families to help ensure success for all students.
