SPOTLIGHT: OCM BOCES Embedded Programs

Heavy Equipment Repair, Operations & Diesel Technology

This year, 70 juniors and seniors have enrolled in this two-year Career & Technical Education program located at All-County Collision & Repair in Homer and Tracey Road Equipment in East Syracuse. Students learn essential skills in the operation and repair of heavy machinery and heavy-duty diesel trucks using the latest techniques and diagnostic equipment. An experienced classroom instructor and on-site professionals are getting them well-prepared for a potential career in this high-demand industry.

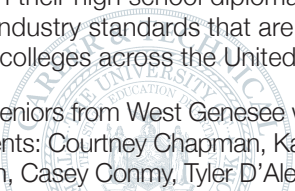

Firefighting and Emergency Medical Technician

This new, two-year Career & Technical Education program is off to a busy start at the Madison County Emergency Management Training Center. Students have the opportunity to earn certifications in Basic Exterior Firefighting Operations (BEFO) and Emergency Medical Technician (EMT)-Basic. The half-day class combines an on-site classroom with access to facilities, rescue equipment and highly dedicated emergency responders.

Career & Technical Education

Students who earn a Career & Technical Education endorsement on their high school diplomas have met rigorous academic and industry standards that are recognized by employers and colleges across the United States.

In 2023, these seniors from West Genesee were eligible for CTE endorsements: Courtney Chapman, Kacen Chigaridas, Natalia Chrisjohn, Casey Conmy, Tyler D’Alessandro, Hunter Davis, Robert Fisher, Riley Flynn, Janson Gaworecki, Christian Granato, Gerard Grobsmith, Logan Hamilton, Noah Heaphy-Vicks, Travis Hubbard, Gabriel June, Julian Krafft, Anna Linsky, Wyatt Luckette, Taryn Mann, Jalina Moore, Alexandria Ramones, Keegan Ribble, Miah Richardson, Donye Rucker, Samuel Snyder, Collin Sutton, Braden Williams, and Joseph Young.

Seal of Civic Readiness

To earn the Seal of Civic Readiness, students must demonstrate an understanding and commitment to making a positive difference in their communities through civic knowledge, skills, actions, mindsets and experiences. At OCM BOCES, 58 seniors in our Innovative Education and Special Education programs achieved this formal distinction during the 2022-2023 school year.

OCM BOCES & West Genesee = Student Success

For West Genesee senior Ji’Ana Barfield, enrolling in the OCM BOCES Welding Technology program has sparked a passion for learning and excitement for a promising career.

For starters, she loves the energy of the OCM BOCES welding lab and the satisfaction that comes with working and creating with her hands. She enjoys having new friends from other school districts. Her grades have improved significantly. Her welding skills are on point — skills that will make her immediately employable in multiple industries, said her instructor, Scott Watkins.

“Since Ji’Ana started the program, her welding ability has improved by leaps and bounds,” he said. “She always has a positive attitude, is in good spirits, and works well with other students.”

Ji’Ana chose welding because she wants to work in a field that will keep her active and busy. She dislikes downtime and idle hours at a desk.

“When I’m at BOCES, I don’t have to worry because Mr. Watkins makes sure we are always busy,” she said.

Overall, Ji’Ana calls the welding program “an amazing opportunity” that has given her insight into working in the field and practical experience toward a well-paying job after high school. Her ideal goal is to work as a traveling welder so she can see the world and experience other cultures.

No matter what her path, Ji’Ana’s positive attitude and strong work ethic will help her succeed, Watkins said.

“Her determination and attitude have helped her tremendously in my welding program,” Watkins said. “She has made new friends and built relationships that will help her interact with her colleagues in the field. She has also gained confidence in her work, which will help her in any future employment opportunities.”

Did You Know?

Through a partnership with the OCM BOCES Model Schools Program and the O2CM School Library System, Jon Corippo from EduProtocols — an educator, best-selling author and inspirational speaker — spoke with educators from across the region in the spring of 2023. Instrumental to this presentation was Rob Leo, director of professional learning in the West Genesee Central School District, who has raised awareness about EduProtocols and has created and shared many great activities using EduProtocols in the classroom and in professional development. Technology coaches who are part of the Tech Coach Collaborative at OCM BOCES have assisted with this work.
