SNAPSHOT OF BOCES SERVICES FOR LYNCOURT UNION FREE SCHOOL DISTRICT

Lyncourt's
share of the 2024-25
BOCES administrative
budget
\$25,088

Through cooperative
purchasing, in 2023-24
Lyncourt
saved an estimated
\$40,452

Initial BOCES contract
amounted to **10%**
of your current
year budget

Estimated BOCES aid
to be received
in 2024-25
\$1,002,857

SPOTLIGHT

Innovation Tech celebrates 10 years!

When Innovation Tech opened its doors in the fall of 2014, this first-ever “New Tech” school in Central New York broke many of the rules of a traditional high school. Students had no assigned desks. They worked in teams on real-world challenges. Teachers, called “facilitators,” encouraged students to direct their own learning.

With the support of its districts and community partners, OCM BOCES took a chance on Innovation Tech and, two years later, on Seven Valleys New Tech Academy in Cortland. Today, these OCM BOCES “sister” schools continue to meet the needs of students who flourish in small, close-knit settings with a project-based approach to learning.

Building Community

Restorative Practices: Poke your head in almost any OCM BOCES classroom, and you'll probably discover a regular “check-in” circle in which students and staff share their feelings, discuss nearly any topic of interest, and ultimately forge close connections with classmates and teachers. OCM BOCES is committed to using circles and other Restorative Practice techniques to support a positive school culture, maintain healthy relationships, and resolve difficulties.

Therapeutic Crisis Intervention (TCI) is another way OCM BOCES builds community in its Student Services programs. TCI's goal is to create safe, trauma-sensitive environments by training educators to prevent or de-escalate crises therapeutically. TCI also provides students with coping tools to handle stressful situations. School districts can receive TCI training through Cornell University in partnership with OCM BOCES.

Firefighting & EMT program

This two-year Career & Technical Education program gives students access to training facilities, rescue equipment, and the expertise of emergency responders through an on-site classroom at the Madison County Emergency Management Training Center. Students have the opportunity to earn certifications in Basic Exterior Firefighting Operations (BEFO) and Emergency Medical Technician (EMT)-Basic.

Career & Technical Education

Students who earn a Career & Technical Education endorsement on their high school diplomas have met rigorous academic and industry standards that are recognized by employers and colleges across the United States.

OCM BOCES & Lyncourt = Student Success

Lyncourt third-grader James Woods has grown significantly since joining the Elementary Stellata program at the OCM BOCES Crown Road Campus three years ago.

He can identify more letters and numbers, participate more consistently in classroom activities, and interact more with his classmates, especially during playtime. He will even ask a friend to join him in the sensory room.

“This program has been a good fit for James because we can be very accommodating to his needs,” said his teacher, Traci Brewster. “We let James work where he is most comfortable, and we have a variety of flexible seating options for him. We also have the attached sensory room, which James loves!”

The Stellata program at OCM BOCES is designed for students with autism and other challenges. It focuses on increased behavioral support and giving students the skills they need to learn and interact

with their peers. The program also uses the TEACCH method, which provides a highly structured and organized environment, predictable routines and activities, and visual cues to help students manage their day and feel more secure and independent.

Brewster said James has not only made significant improvements at OCM BOCES, he is also a joy to have in the classroom.

“He has such a great personality!” she said. “He loves to draw and create different things. He has become much more expressive and likes to request different printed pictures that motivate him to stay on task and complete his work.”

Teaching assistant Shelby Sibley agrees, saying James “has made great strides in using his expressive language to vocalize his needs and wants.”

Ashley Davis, the music teacher, loves working with James.

“He has a great sense of humor, and he’s a great friend!” she said.

Did You Know?

The Lyncourt school district is committed to fostering a positive and supportive learning environment for all staff and students. As part of this commitment, they are implementing restorative practices and community-building circles throughout their school. This summer, the district’s administration and support staff received a three-day training in restorative practices, and plans are in place to continue training the rest of the staff throughout the school year.
