SPOTLIGHT

New Tech Schools Embody 'Portrait of a Graduate'

Our OCM BOCES "New Tech" high schools — Innovation Tech in Syracuse and Seven Valleys New Tech Academy in Cortland — exemplify the New York State Portrait of a Graduate. Through Project-Based Learning (PBL), students dive into meaningful, real-world projects that spark creativity, strengthen critical thinking, and build strong communication and problem-solving skills within a collaborative and inclusive school environment. Beyond the academic rigor of PBL, New Tech students are also encouraged to become self-reflective, responsible global citizens, fully bringing the Portrait's vision to life.

Promoting Attendance

School is better with YOU! That's the positive, spirited message we're sharing with students across OCM BOCES as we spotlight one of our top priorities for 2025-26: strong, consistent attendance. From vibrant signs and T-shirts to ParentSquare messages and bulletin boards, OCM BOCES is making this message impossible to miss! Committees across our Student Services programs are diving into attendance data and implementing strategies to encourage strong attendance. A key part of this effort is partnering with our OCM BOCES families to ensure every student is in school, on time and ready to learn.

Level Up! Video Game Design is Here

Creating video games offers a fun, inspiring and intellectually challenging feat for a growing number of students. That's why OCM BOCES' Media Marketing Communications program at WCNY in Syracuse will now offer a unit on video game design as part of its curriculum. The hands-on, project-based nature of game design allows students to cultivate their design, art and technical expertise while also building skills such as problem-solving, communication, and understanding the needs of video game players. Best of all, students will continue to learn within a real-world business setting at WCNY, working alongside WCNY staff on projects across TV, radio, social media, web and print platforms.

CAREER & TECHNICAL EDUCATION

Students who earn a Career & Technical Education endorsement on their high school diplomas have met rigorous academic and industry standards that are recognized by employers and colleges across the United States.

In 2025, these seniors from Chittenango were eligible for CTE endorsements: Trevor Bentz, Kaydynce Bodah, Brooke Boland, Saige Burton, Matthew Byrne, Owen Clark, Breonna Degnan, Bethany DeGouff, Gabriyel Donahue, Nathan Falcon, Margaret Geer, Madison Gill, Colin Given, Jeannie Gomez Mejia, Ryan Hiltz, Daniel Hoyer, Kaitlyn Jackson, Eric Kenneson, Kaleigh Kime, Larson Leffew, Dasha Lopez, Katherine MacAlpine, William MacAlpine, Christian Marji, Jesse McCombie, Tyler O'Connor, Madison Rotter, Parker Schmidt, Devin Sessler, Giana Sgarlata, and Birin Smith.

OCM BOCES & CHITTENANGO = STUDENT SUCCESS

Since the start of the 2025-26 school year, Chittenango junior Anthony Thompson has emerged as a class leader in the two-year OCM BOCES Firefighting and Emergency Medical Technician program.

Anthony has developed a strong interest in the program, which is based at the Madison County Emergency Management Training Center. At the training center, he and his classmates benefit from an on-site classroom and have access to facilities, equipment, and trained professionals in both the firefighting and emergency medical fields. Students regularly participate in hands-on training with turnout gear, ladders, fire hoses, trucks, CPR manikins and other essential tools of the trade.

"It's a great learning experience," Anthony said.

His instructor, retired Syracuse City Firefighter Mike Valenti, said the program has given Anthony a clear career direction—

professional firefighting—following in the footsteps of his father, who is also a firefighter.

As part of the BOCES program, Anthony and his classmates are working hard to complete their first milestone: certification in Basic Exterior Firefighting Operations (BEFO). They will also pursue certification as an Emergency Medical Technician (EMT)-Basic.

Valenti noted that Anthony and his classmates recently studied fire extinguishers, learning how and when to use them, before practicing on a small, live fire at the training center. The hands-on environment provides an ideal way to connect classroom lessons to real-world situations.

Anthony has shown particular skill in working with his personal protective equipment, a vital part of the profession. He is an active participant in class and serves as a positive role model for others.

"Anthony has grown so much already," Valenti said. "He has found a direction he wants to go in."

DID YOU KNOW?

The Chittenango Central School District continues to support youth substance use prevention through their participation in the Alcohol Drug Abuse Prevention Education Program (ADAPEP). Students benefit from evidence-based programs for prevention, positive alternatives such as Students Against Destructive Decisions (SADD), early intervention, and prevention counseling. Counselors benefit from monthly meetings that provide opportunities for collegiality, professional learning on topics integral to the field, participation in clinical supervision, monthly newsletters, weekly office hours and access to evidence-based programs.
