## SPOTLIGHT

### New Tech Schools Embody 'Portrait of a Graduate'

Our OCM BOCES "New Tech" high schools — Innovation Tech in Syracuse and Seven Valleys New Tech Academy in Cortland — exemplify the New York State Portrait of a Graduate. Through Project-Based Learning (PBL), students dive into meaningful, real-world projects that spark creativity, strengthen critical thinking, and build strong communication and problem-solving skills within a collaborative and inclusive school environment. Beyond the academic rigor of PBL, New Tech students are also encouraged to become self-reflective, responsible global citizens, fully bringing the Portrait's vision to life.

### Promoting Attendance

*School is better with YOU!* That's the positive, spirited message we're sharing with students across OCM

BOCES as we spotlight one of our top priorities for 2025-26: strong, consistent attendance. From vibrant signs and T-shirts to ParentSquare messages and bulletin boards, OCM BOCES is making this message impossible to miss! Committees across our Student Services programs are diving into attendance data and implementing strategies to encourage strong attendance. A key part of this effort is partnering with our OCM BOCES families to ensure every student is in school, on time and ready to learn.

### Level Up! Video Game Design is Here

Creating video games offers a fun, inspiring and intellectually challenging feat for a growing number of students. That's why OCM BOCES' Media Marketing Communications program at WCNY in Syracuse will now offer a unit on video game design as part of its curriculum. The hands-on, project-based nature of game design allows students to cultivate their design, art and technical expertise while also building skills such as problem-solving, communication, and understanding the needs of video game players. Best of all, students will continue to learn within a real-world business setting at WCNY, working alongside WCNY staff on projects across TV, radio, social media, web and print platforms.

## CAREER & TECHNICAL EDUCATION

Students who earn a Career & Technical Education endorsement on their high school diplomas have met rigorous academic and industry standards that are recognized by employers and colleges across the United States.

In 2025, these seniors from Jamesville-DeWitt were eligible for CTE endorsements: Ella Alfaro-Rooney, Maxwell Curinga, Harold Dings, Jr., Tobi Gil-Taylor, Kaityn Huegel, Aden Khadim, Lillianna LeBlanc, Kayla Lisk, Jenna Quinn, Jaeda Robinson, Keigan Rogers, Amanda Rumsey, Sophia Waleski, Malik Watson and Quinn Zaborsky.

## OCM BOCES & JAMESVILLE-DEWITT = STUDENT SUCCESS

Jamesville-DeWitt senior Aarohi Rastogi is already making her mark in healthcare with accomplishments few people her age can match. Passionate and driven, she's thriving in the OCM BOCES New Vision Medical Professions program, where she's eager to deepen her experience and prepare for a future in medicine.

Aarohi and her family moved to the United States from India when she was four, but they continue to visit India often. For her Girl Scout Gold Award, she conducted healthcare workshops for more than 600 children in Indian schools. That experience — along with seeing global health disparities firsthand — proved pivotal in inspiring her to become a global healthcare advocate.

"I realized that helping people is my true passion, and healthcare is a way to live out my dreams and have a positive impact in the world," she said.

Through the New Vision Medical Professions program, Aarohi says she's gained invaluable insight and skills.

"I've been able to have hard conversations about the realities of healthcare," she said. "This class has given me the opportunity to talk about and share opinions that are difficult but necessary."

She also credits the program with giving her "a new sense of self-discipline" from balancing a demanding workload.

Her teacher, Robin Willey, said Aarohi's passion, hard work and diverse perspective enrich the entire class.

"Aarohi is a positive force, humble and a born leader," Willey said. "Her accomplishments at 17 are so impressive. She embodies all the qualities of a true healthcare professional."

Reflecting on her OCM BOCES experience, Aarohi says it's been deeply fulfilling.

"While some of my classmates may think I'm missing out on my senior year, I completely disagree," she said. "I've built a community with my peers and love the independence this program offers. It's the perfect balance between staying involved at my home school and growing in a new community at New Vision."

## DID YOU KNOW?

The Jamesville-DeWitt Central School District continues to emphasize the importance of arts integration through its partnership with the OCM BOCES Arts in Education program. This collaboration supports the district's dynamic musical theater productions, helping students bring stories to life on stage. Recent performances include *Mary Poppins* at the high school and *Beetlejuice Jr.* and *Aladdin Jr.* at the middle school. Through Arts in Education, students gain hands-on experience with all aspects of producing a musical—from learning choreography and safety procedures to mastering the technical elements of stagecraft, including flight training for *Mary Poppins*. These opportunities foster creativity, confidence and collaboration both in and beyond the classroom.
