## SPOTLIGHT

### New Tech Schools Embody 'Portrait of a Graduate'

Our OCM BOCES "New Tech" high schools — Innovation Tech in Syracuse and Seven Valleys New Tech Academy in Cortland — exemplify the New York State Portrait of a Graduate. Through Project-Based Learning (PBL), students dive into meaningful, real-world projects that spark creativity, strengthen critical thinking, and build strong communication and problem-solving skills within a collaborative and inclusive school environment. Beyond the academic rigor of PBL, New Tech students are also encouraged to become self-reflective, responsible global citizens, fully bringing the Portrait's vision to life.

### Promoting Attendance

*School is better with YOU!*  
That's the positive, spirited message we're sharing with students across OCM

BOCES as we spotlight one of our top priorities for 2025-26: strong, consistent attendance. From vibrant signs and T-shirts to ParentSquare messages and bulletin boards, OCM BOCES is making this message impossible to miss! Committees across our Student Services programs are diving into attendance data and implementing strategies to encourage strong attendance. A key part of this effort is partnering with our OCM BOCES families to ensure every student is in school, on time and ready to learn.

### Level Up! Video Game Design is Here

Creating video games offers a fun, inspiring and intellectually challenging feat for a growing number of students. That's why OCM BOCES' Media Marketing Communications program at WCNY in Syracuse will now offer a unit on video game design as part of its curriculum. The hands-on, project-based nature of game design allows students to cultivate their design, art and technical expertise while also building skills such as problem-solving, communication, and understanding the needs of video game players. Best of all, students will continue to learn within a real-world business setting at WCNY, working alongside WCNY staff on projects across TV, radio, social media, web and print platforms.

## CAREER & TECHNICAL EDUCATION

In 2025, these seniors from Liverpool were eligible for CTE endorsements:

Paisley Chamberlain, Jack DeForge, Aimee Deyneka, Courtney Eason, Emyrson Girndt, l'leighona Gleason, Christopher Greco, Madysen Gridley, Jacob Harrington, Cheyla Hill, Breonna Hosea, Iris Irwin-Werchinski, Milaysha Jones, Hayden Kottage, Sophia Lass, Ruth Lin, Penelope Madrid, Zy'Jada Maeweather, Olivia Morgan, Shaneil Osbourne, Dallas Petrick, Ariyah Racciatti, Cassidy Reed, Kara Rice, Freddy Rodriguez, Mohammad Sakhizada, Siarie Smith, Leah Taylor, Sarah Vaughn, Alexander Vo and Gianna Washington.

## OCM BOCES & LIVERPOOL = STUDENT SUCCESS

Over the past three years, Liverpool senior Brett Stevens has shown tremendous growth at STARS Alternative High School on the OCM BOCES Thompson Road Campus.

The small-school environment has allowed Brett to build positive relationships with both teachers and peers. Smaller classes and increased flexibility have made it easier for him to get the support he needs

to stay on track academically, contributing to his overall success. The close-knit, supportive atmosphere helps him feel more at ease, which in turn boosts his confidence.

"It's easier to focus, and I have less stress and more flexibility to help with my success," he said.

Brett's teachers have witnessed a noticeable transformation—not

only in his academic performance, but also in his confidence and personality.

"Brett has become more comfortable over the years, and now we realize what a great sense of humor he has," said one of his teachers, Jay Kresge.

Another teacher, Jordan Gannett, added, "Brett has really become a great addition to STARS."

Brett's goals are to graduate from high school, find a job, live on his own and eventually go to college. No matter what he chooses to pursue, the staff at STARS will miss him.

"Brett has truly come to understand that he is a capable, smart, and funny student whose hard work and positive attitude have made a lasting impression," Kresge said.

## DID YOU KNOW?

The Liverpool Central School District has been an incredible partner in strengthening systems of support for students! Within the past year, they've been working closely with the Youth Development Department at OCM BOCES to refine their MTSS (Multi-Tiered System of Supports) implementation plan with a strong focus on strengthening behavioral systems and creating a cohesive continuum of supports that meets students' needs across every tier.

Through their participation in our Community Schools CoSer, Liverpool continues to show what it means to connect schools, families and community partners. Together with local organizations, we kicked off the school year by offering 20 free haircuts to Liverpool students—a simple but powerful way to help them start the year feeling confident, cared for and ready to learn.
