

Adult Full-Time Certification Programs

PHARMACY TECHNICIAN

Pharmacy technicians assist the pharmacist in preparing medications, providing medications and related assistance to patients, and managing pharmacy clinical and business operations. Training for this in-demand occupation will lead to the ability to take the Pharmacy Technician certification board examination and work in retail, clinical or long-term care pharmacy setting. Coursework includes: medical and pharmaceutical terminology, drug identification, principles of pharmacology and pharmaceuticals, pharmacy procedures, prescription interpretation, patient communication and education, safety procedures, recordkeeping, measurement and testing techniques, pharmacy business operations, prescription preparation, logistics and dispensing operations, and applicable standards and regulations. A six-week internship is included.

FEES

- \$7,200* (includes tuition, texts, supplies & uniform)
- Median student loan: \$3,157
- Additional requirement: Physical, drug/background check (approx. \$85)
