**Career & Technical Education**

New York State’s approval process for Career and Technical Education (CTE) programs has raised the quality and rigor of courses that prepare students for employment and postsecondary study. Approved programs lead to an industry-recognized credential or certificate at the postsecondary level, or an associate or baccalaureate degree. CTE courses offer students the opportunity to apply academic concepts to real-world situations and prepare them for industry-based assessments, or certifications. They have the opportunity to earn college credit or advanced standing while still in high school and take part in work-based learning opportunities where they demonstrate mastery of skills essential in the workplace. In addition, our Technically Endorsed programs, embedded in area businesses, have been recognized by District Administration magazine as one of more than 30 national innovative programs.

In 2021, 412 seniors from OCM BOCES’ component districts were eligible to earn CTE endorsements on their high school diplomas, including DeRuyter students Jaiden Degeare, Ashley Escobar Perez, Riley Gilson, Tenicka Gilson, Zachary Hatto, Alynya Kanaby, Zachéri Jameson-Faciuzewski, Joel Madore, Lindsey Fredmore, Jeremy Smalt and Abigail Warner.

**Did You Know?**

Director of Curriculum and Instruction Kim O’Brien served as an advisor to the Literacy Coaching Collaborative, expanding upon her role on the Literacy Advisory Committee. Kim worked to advise the planning committee on topics and activities and gave focus to the group. In addition, she worked with district leadership in other component districts to provide professional learning sessions. Kim also received LETRS Facilitator designation and has led this work in the district.
